**JURY TRIAL DEMANDED**

ATTORNEYS' LIEN CLAIMED

**PLAINTIFF'S ORIGINAL PETITION**

Jane Doe, as next friend and guardian of John Doe (“Plaintiff”), hereby files this Original Petition against Defendants Liberty of Oklahoma Corporation (“LOC”), Liberty Healthcare Corporation (“LHC”) (LOC and LHC are collectively referred to as “Liberty” or the “Liberty Defendants”), Anthony Huhman, Marc Tatro, and Hugh Sage (Defendants Huhman, Tatro, and Sage are collectively referred to as the “Greer Center Administrators” or “Individual Defendants”) (all Defendants are collectively referred to as the “Defendants”).

## I. INTRODUCTION

1. The Robert M. Greer Center (“Greer Center”) is a full-time treatment facility in Enid, Oklahoma, for adults diagnosed with intellectual disabilities and co-occurring mental illness and/or severe behavioral challenges. The facility houses some of our most vulnerable citizens. Many of the Greer Center residents are either non-verbal, severely developmentally delayed, or both. It is supposed to be a place of healing, comfort, peace, and stability. Instead, for the last several years, it has served as hell-on-earth for many of its residents, including John Doe.

2. For years, Greer Center caretakers have routinely abused residents, including John Doe—both physically and mentally—inside the Greer Center facility. The abuse is horrific. And it was carefully coordinated and covered up through intimidation and manipulation.

3. The abuse included forms of waterboarding, choking residents until they were unconscious and then beating them until they regained consciousness, and enticing residents—persons with intellectual disabilities—to abuse each other.

4. Despite multiple attempts by residents and employees to report the abuse, it continued. Daily.

5. The depths of the Greer Center Staff's depravity and the failures of those responsible for overseeing them, including Liberty and the Greer Center Administrators, are not yet fully known. But what is known, and is described below, is tragic and can never be allowed to happen again.

### **III. JURISDICTION AND VENUE**

12. This Court may properly exercise jurisdiction over the subject matter of this suit under Article VII, Section 7, of the Oklahoma Constitution.

13. This Court has personal jurisdiction over the Defendants, as they are all domiciled in the state of Oklahoma, created pursuant to the laws of Oklahoma, and/or conduct business in and throughout Oklahoma and have deliberately engaged in significant acts and omissions within Oklahoma that have injured citizens of Oklahoma. Defendants also have sufficient minimum contacts with the State of Oklahoma. Defendants have purposefully availed themselves of the privilege of conducting business in Oklahoma such that they are subject to suit here. Additionally, Defendants have targeted their wrongful conduct at Oklahoma. Plaintiff's claims arise out of and relate to Defendants' contacts with

the State. This Court's exercise of jurisdiction is reasonable; the maintenance of this suit does not offend traditional notions of fair play and substantial justice.

14. Venue is proper in this Court under 12 O.S. §§ 134, 137, and 139; and 18 O.S. § 471.

#### **IV. PROCEDURAL HISTORY**

15. The Oklahoma Governmental Tort Claims Act (OGTCA) does not apply to any claims asserted herein. However, out of an abundance of caution, Plaintiff will send notice of these claims to LOC and LHC pursuant to the pre-suit notice provisions of the OGTCA. 51 O.S. §§ 156, 157.

#### **V. FACTUAL ALLEGATIONS**

16. The Robert M. Greer Center is a full-time, residential treatment facility in Enid, Oklahoma, for adults diagnosed with intellectual disabilities and co-occurring mental illness and/or severe behavioral challenges.

17. John Doe has been a resident at Greer Center since May 2020. When John Doe was a child, he was diagnosed with an intellectual disability, and he has since been diagnosed with epilepsy, antisocial personality disorder, and persistent depressive disorder. Throughout his time at Greer Center, John Doe lived in the west wing of the facility, also known as Greer Center West.

18. For all intents and purposes, Greer Center was John Doe's long-term permanent residence. In fact, when John Doe was admitted to the Greer Center, the Coordinator, Anthony Huhman, told John Doe's mother Jane Doe that John Doe would likely be at Greer Center forever.

19. Greer Center is managed, operated, and staffed by the Liberty Defendants. Caretakers at the Greer Center are employees of the Liberty Defendants. The Liberty Defendants have responsibility for providing the medical, rehabilitative, and health-related care and services offered to Greer Center residents (the “Relevant Services”).

20. A recent investigation uncovered that, for well over a year, Greer Center employees—those responsible for taking care of the vulnerable residents in this facility—have instead routinely abused Greer Center residents, both physically and mentally.

21. For example, on multiple occasions, Greer Center employees would take either bed sheets or wet towels, wrap them around a resident’s neck, and then use the sheet or towel to strangle the resident until he passed out. After the resident lost consciousness, the staff members would then strike the victim in the chest and abdomen repeatedly until he woke up. One witness said the staff would play this choke-and-revive game multiple times during their shift. John Doe was a target of this abuse on several occasions. Another resident is believed to have been the victim of this sick game at least 40 times.

22. During one choke-and-revive session, the staff became worried they may have actually killed a resident because the victim was not waking up after being strangled. The staff then grabbed the resident by the back of his head/neck and threw him headfirst into a nearby door, after which he regained consciousness. This resident suffers from an intellectual disability that gives him the mental functioning of a 4-year-old.

23. Greer Center employees would also torture residents by waterboarding and beating them in the facility’s showers. John Doe was a target of this abuse as well.

24. Other times, Greer Center employees would use food from outside the facility to bribe residents—persons with intellectual disabilities—into fighting each other.

25. This abuse has gone on for years. And Greer Center employees and/or administrators have actively helped conceal the horrors and have conspired to thwart any inquiry or investigations.

26. For example, when they were abusing the residents, Greer Center employees would have at least one staff member serve as a lookout; his job was to remain outside the room, watch down the hall for anyone coming, and alert the staff members who were abusing the residents.

27. Greer Center staff would also intimidate residents to prevent them from reporting abuse, including by lurking close by and threatening residents when they were talking to loved ones on the phone.

28. Greer Center staff would also attempt to confuse the residents by using the names of other staff members from different shifts when abusing and intimidating them, making it more difficult to trace the employees' misconduct.

29. Moreover, much of the abuse occurred after 5:00 pm when the second-shift staff was present. One witness stated this was because "all the important people are gone by then."

30. The Greer Center employees also conspired about what they would do if there was an investigation into their abuse. The Greer Center employees agreed they would lie or provide false information to investigators and would try to hinder the investigation.

31. But even when reports were made, they were ignored. One resident reported that he told Marc Tatro, the Unit Program Manager, about the abuse. But Tatro ignored it.

32. One resident also stated that he would sometimes tell his mother about what was happening, but also stated that the abusive staff would stand nearby while he was on the phone and would intimidate and threaten him to not tell anyone about what was happening to him. John Doe experienced these same intimidation tactics by the Greer Center employees when he would try to contact his mother.

33. A former Greer Center employee stated that they also repeatedly tried to report the abuse to Marc Tatro, but he refused to listen.

34. Defendants also misled Plaintiff about the facts and circumstances surrounding injuries to John Doe.

35. According to a former Greer Center employee, there is a culture at the Greer Center of not cooperating with investigations. In fact, several of the alleged incidents of caretaker abuse at the Greer Center had also allegedly been investigated by DHS's Office of Client Advocacy (OCA). However, several of the investigations could not be substantiated due to the staff at the Greer Center not cooperating (lying) and the victims being either non-verbal, severely developmentally delayed, or both.

36. Greer Center employees retaliated against other caretakers for reporting the abuse within the Greer Center.<sup>1</sup> In June of 2023, one former Greer Center employee made a report to law enforcement of the abuse she was witnessing at the Greer Center. Days later

a group of Greer Center employees posted flyers around town with a picture of her face advertising her as a sex worker. At least one co-worker admitted to her involvement in creating the flyers. This former employee was granted protective orders against the Greer Center employees who retaliated against her.

37. According to witnesses, the caretaker abuse inside the Greer Center was ongoing, coordinated, and systemic. One witness, who said they had spent time in prison, said they had never seen this type of abuse, even while they were incarcerated.

38. Many of those who conspired and coordinated the abuse were recently charged and/or have been arrested. One of the abusers is named Jonathan Martinez. Martinez is a Certified Nursing Assistant through the State of Oklahoma and worked as a Habilitation Specialist II at the Greer Center. On information and belief, Martinez was an employee of the Liberty Defendants.

39. Other alleged abusers included Jonathan Colon Orozco, Jhon Alan Nieto, Carlos Ponce, Edward Webster, Gavin Foster, and Adlai Flores. Edward Webster is a shift supervisor. On information and belief, each of these individuals are/were employees of the Liberty Defendants.

40. Plaintiff suffered physical, mental, and emotional abuse on a regular basis while a resident inside the Greer Center. Greer Center employees caused that abuse. And the Greer Center Administrators ignored it and helped cover it up.

53. Defendants' conduct involved reckless or callous indifference to John Doe's rights, in that Defendants acted in the face of and contrary to a perceived risk that their actions and/or the actions of their agents and employees violated residents' rights. Defendants were aware, or simply did not care, that there was a substantial risk that the policies and customs it promulgated, the practices it condoned, and the negligence and
